DEVICE

PROJECT NUMBER:2023-2-EL01-KA210-VET-000182743

🌍 About the Project

The DEVICE Project (01/04/2024 – 30/09/2025) brings together partners from Greece, Italy, and Germany to promote inclusive and innovative vocational education. Our focus is on:

- Inclusion & Diversity: Supporting students with disabilities in VET.
- Digital Skills: Creating online tools and interactive pathways for learning.
- Green Skills: Integrating sustainability and energy efficiency into education.

Innovative Development of VET Trainers for social inclusion of disabled learners
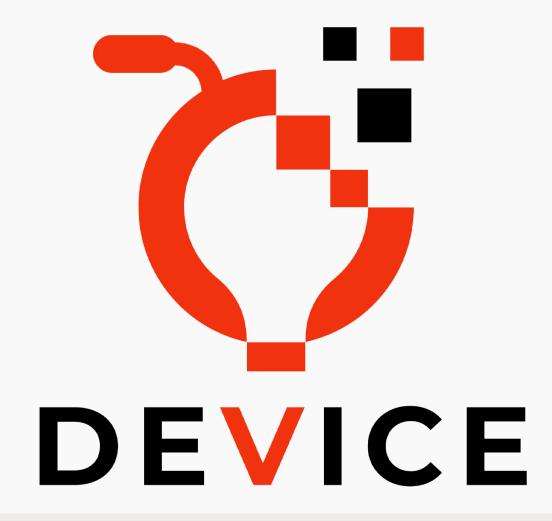

🎯 Project Objectives

- Create an inclusive learning environment with accessibility at its core.
- Develop an interactive digital educational platform for VET learners and trainers.
- Promote green practices and energy efficiency in VET curricula.
- Strengthen transnational collaboration among educators, policy makers, and stakeholders.
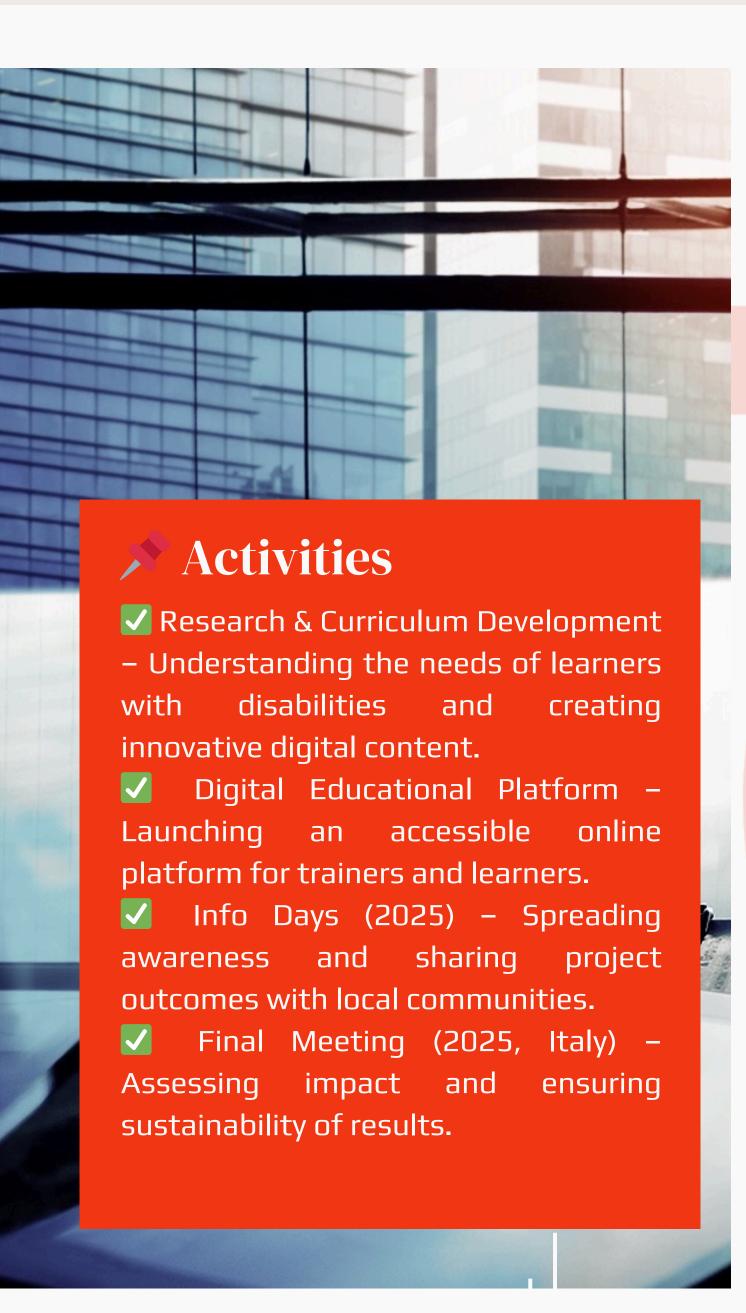

👥 Our Partners

- PYLON ONE (Greece) – Project Coordinator
- Social Innovation & Cohesion Institute (Fifty-Fifty) (Greece)
- Istituto di Istruzione Superiore "De Titta–Fermi" (Italy)
- uDevelop e.V. (Germany)
- E.E.E.EK. Kozanis (Greece)

Together, we combine expertise in education, social inclusion, digital innovation, and sustainability.

DEVICE

PROJECT NUMBER:2023-2-EL01-KA210-VET-000182743

Innovative Development of VET Trainers for social inclusion of disabled learners

✨ Expected Results

- A more inclusive and accessible VET system.
- Increased digital and green skills among learners and educators.
- Stronger collaboration across Europe for inclusive education.
- A sustainable digital tool available beyond the project's lifetime.

📌 Activities

✅ Research & Curriculum Development – Understanding the needs of learners with disabilities and creating innovative digital content.

✅ Digital Educational Platform – Launching an accessible online platform for trainers and learners.

✅ Info Days (2025) – Spreading awareness and sharing project outcomes with local communities.

✅ Final Meeting (2025, Italy) – Assessing impact and ensuring sustainability of results.

📢 Stay Connected

- PYLON ONE (Greece) – Project Coordinator
- Social Innovation & Cohesion Institute (Fifty-Fifty) (Greece)
- Istituto di Istruzione Superiore "De Titta–Fermi" (Italy)
- uDevelop e.V. (Germany)
